

Extraordinary announcement of Raba Plc. about selling stake

Raba Automotive Holding Plc. publishes the attached extraordinary announcement in accordance with the prescription of Ministry of Finance Resolution No. 24/2008. (VIII.15.), Section 4., Point 1.25.:

Rába to Sell Minority Stake in Busch-Rába Foundry Ltd.

Rába Plc. and Germany-based BPW Bergische Achsen KG. (hereinafter referred to as BPW) reached an agreement on selling Rába's minority stake in Busch-Rába Foundry Ltd. to BPW. BPW is majority owner of M. Busch GmbH, the other stakeholder in the foundry.

Having completed a value-raising restructuring program aimed at expanding capacity and modernizing technology in the foundry plant, Rába decided to sell its 25,5 per cent stake in the joint venture. The decision is entirely in line with the company's strategic objectives to concentrate on core businesses and to provide additional resources for strategic development programs by freeing up value in non-core assets.

According to the agreement the parties do not disclose information concerning the size and any further details of the transaction.

The transaction does not affect in any way the strategic partnership between the parties. The foundry provides first quality castings also for Rába in accordance with the signed general frame contract, while Rába remains one of BPW's suppliers of forged axle parts in the domestic and Western-European markets.
